SUBJECT: CROP DAMAGE

Original Resolution No.: 84-01-23
Revision Resolution No.: 96-12-15

Crop Damage

1. The crop damage settlement is to be included in the right of entry agreement and is to be completed by a designated county employee.
2. An average yield per acre is to be determined.
3. An average market value is to be established at the time of settlement. Current market year prices are to be used to calculate the dollar value per acre.
4. If the landowner does not agree with the decision regarding the value of the crop, they may appeal the decision to the County Council.
