FENCING

A serviceable fence must be in existence and in a state of good repair. The condition of the fence is to be determined by the Superintendent of Public Works. When a Right of Entry agreement is being negotiated with the landowner, the County agrees to the following for the fence replacement:

The County will remove the fence and will salvage as much of the fence materials as possible. The County will rebuild the fence after the road construction is completed. If there is additional fence material required above that of the salvaged material, the County will supply fence material which is at least equal to the quality of the fence material removed. The County will install the same number of wires as in the original fence. If the landowner wishes additional fence wires to be installed, the additional cost for materials will be the responsibility of the landowner.
