

SECTION: AG SERVICE BOARD

SUBJECT: SHELTERBELT SPRAYING AND  
YARD PEST CONTROL

Original Resolution No.: 97-04-05

Original Resolution No.: 04-07-37

**Shelterbelt Spraying and Yard Pest Control**

1. The Agricultural Service Board will provide services for spraying farm shelterbelts on a first come, first served basis.
2. The rate is established by the Agricultural Service Board (see Policy 630.10).
3. It is advised that the spraying be carried out by the Agricultural Service Board staff in the presence of the landowner whenever possible.
4. If the insect pests are threatening the survival of the shelterbelt trees, within the limits of the yard, then a blanket coverage of the yard with insecticide might be considered.
